

## **Financial Hardship**

Inevitably, some members will experience a period of financial uncertainty during their time with FCCS Credit Union – that's just a part of life. Reasons for this can be as varied as unexpected illness, an accident, period of unemployment or relationship breakdown.

Whatever the reason, FCCS can offer assistance tailored to your individual circumstances.

For eligible members, this may take the form of reduced repayments, an interest only period associated with the postponement of repayments or a number of other options dependent on the members' individual circumstances.
